#porcelanosakitchensforlife

Purchasing a PORCELANOSA kitchen will earn you a gift **voucher for life**.

It can be redeemed after two years from the date of purchase and can be applied to the purchase of new kitchen furniture. The value of the cheque will depend on the price of the furniture that was originally purchased and the time that has passed since the original purchase.

N	$10.000 \times 0,85^N$

For this example, a purchase value of 10,000 GBP is used for the kitchen furniture.

The voucher can be used two years after the purchase of the kitchen and the value is calculated using the following formula: Initial price of the furniture $\times 0,85^n$ (n=years from purchase).

- e.g check value 6 years after purchase:

$$10.000 \times 0,85^6 = \pounds 3771$$

A) To enjoy the **full value** of the voucher the new purchase must be at least twice the value of the voucher.

- e.g new purchase from the sixth year must be higher than £7542.

B) To benefit **partially** from the value of the voucher the new purchase must be double the discount value.

- e.g as the value of the new purchase is 1200 GBP, you can benefit from a 600 GBP discount.
