A kitchen with the emphasis on exclusive materials and top-quality finishes, it still manages to conserve the functionality synonymous with genuinely good kitchen design. It also stands out for the cooking area, with hobs integrated in an XLIGHT Liem Grey silk countertop by Urbatek. This lends it an innovative dynamic appearance unlike more conventional kitchens.

The countertop incorporates the VES storage

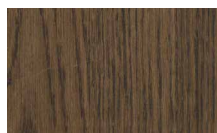

system, ensuring swift easy access to storage space. In combination with the furniture's Roble Negro rustic wood finish, which brings out the true beauty of wood, this kitchen stands out for its superior exclusive design.
