

☞ Buffet Forest E7.90 Roble Puro, E5.90 Orégano brillo

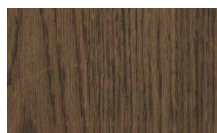

The star feature of this setting is Forest, a concealed kitchen system for hiding away the kitchen as required. The doors are made of Roble Puro wood veneer, just like the breakfast bar and storage area of the kitchen island. This makes a stylish contrast with the other materials: the Xtone Calacata Green Pulido kitchen island, countertop and backsplash and the Orégano Brillo lacquer finish.
