

9.30 Xtone Liem Black nature, E7.30 Roble Noche

Dark kitchens are all the rage nowadays. This kitchen is a perfect example, with a countertop and units clad in Xtone Liem Black Nature combined with Roble Noche brushed wood veneer. It stands out for several particularly striking features. The first is the kitchen island, whose countertop incorporates the VES recessed storage system, with compartments containing different storage solutions for kitchen utensils. It also features a concealable backsplash, awarded the prestigious Good Design Award, with a horizontal sliding door to prevent dirt and splashes from cooking or to hide the utensils when they are

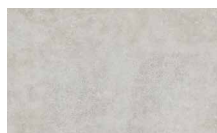

not in use. This gives the kitchen a more harmonious neater appearance.
