

**R 1.40 Eucalyptus Candy, Graffiti**

This Residence kitchen stands out for its chic colour combination, thanks to its imitation wood Eucalyptus Candy laminate finish and smooth Graffiti laminate finish, fitting in to perfection with the Roma Blue marble countertop. The kitchen is divided into three parts. The first is the work area, featuring the hob and sink, with bottom units affording high storage space

and top units with translucent glass doors to show off their contents. Another is the section with the tower units, featuring the oven, fridge, closed storage units and other open shelves. The third area is the table, also in a Eucalyptus Candy finish, with a Wabi-sabi support to lend the whole ensemble a highly modern appeal.
