

R 1.90 Nogal Moon, R1.00 Cool

This kitchen comes in an imitation wood Nogal Moon finish, combined with a smooth Cool laminate finish and marble Mont Blanc countertop. It is a stylish sophisticated kitchen with an equal emphasis on functionality. Storage space is afforded through various different units, including tower units and the area under the kitchen island, both with glass

doors. The kitchen island also features a workspace, in addition to a kitchen bar/table in a Nogal Moon finish on a single leg for added aesthetic appeal. The kitchen also stands out for its integrated electrical appliances and our Peonza light fittings in different sizes, used to illuminate the whole kitchen.
