

**R 3.70 Blanco Snow, R1.70 Etimoe Ice**

This Residence kitchen is based on a combination of three materials: a Blanco Snow laminate finish and imitation wood Etimoe Ice laminate finish, contrasted with White 1100 Krion® for the whole countertop. The kitchen is designed around an island with a high storage capacity, featuring an open section to give it a more innovative touch. It also stands out for its tower columns, which can be left closed or else opened up to reveal extra workspaces or its integrated electrical appliances.
