

/ENG/ Warranty Wardrobe and walk-in-closet furniture Gama-Decor (V. 01/2016)

Scope of the Warranty:

This Manufacturer's Warranty covers any claims for manufacturing defects affecting GAMADECOR brand furniture that are not visible during installation and which may appear with use or over time, for a period of TWO YEARS from the date of delivery to the first user, except in the case of consumable elements such as light bulbs, pistons, etc., for which GAMADECOR provides a warranty of ONE YEAR.

In the case of wardrobes supplied for developments and building projects, the warranty period will be calculated from the date on which the wardrobes are supplied/certified.

This Warranty does not cover the normal changes that affect wood, like any natural product, with the passing of time, as well as differences in its tone or grain.

During the period covered by this Warranty, GAMADECOR reserves the right to modify the technical and design specifications of its products without prior notice. This Warranty replaces any previous versions of the same.

Warranty Conditions:

- That the GAMADECOR wardrobe furniture has been acquired from a certified distributor.
- That it has not undergone any alterations since it left the factory, and that all of its component features are respected.
- That any claims are not a result of causes beyond the control of GAMADECOR, such as leaks, overly high temperatures, abnormal humidity conditions, incorrect assembly, impacts, abusive or unsuitable use, unsuitable cleaning products, changes in tone due to exposure to sunlight, etc.
- That all recommendations regarding use and maintenance have been respected.
- That the products have not been used, nor displayed for an undefined period in any showrooms, trade fairs or exhibitions, in which case the warranty period for these articles is 30 DAYS.

Presentation of Claims:

Any fault identified in our products must be notified to the Certified Distributor who supplied or sold our products, or to a certified technical service provider. Any such notification must be made within a reasonable period of time from discovering the fault, in order to avoid any worsening of the situation. In any event, the execution and effective coverage of the warranty offered for our products will be subject to an inspection carried out by the certified distributor who sold or supplied the products, or the certified provider of the supposedly faulty products.

In the event GAMADECOR recognizes that the affected element is faulty and within the limits of the Warranty, it will propose either repairing or replacing the same, as applicable.

In these cases, Gama-Decor will provide the Distributor or technical service provider with:

- The materials that have had the original faults or defects repaired.
- New materials with identical characteristics, if GAMADECOR has opted to replace the faulty material, or if the repair is not satisfactory.
- In situations when the material in question is no longer available, it cannot be provided by our supplier, or the supplier has changed its activity, etc. GAMADECOR will offer an alternative solution.

EXCEPT AS EXPRESSLY SET FORTH ABOVE, GAMADECOR MAKES NO WARRANTIES, EXPRESS OR IMPLIED, REGARDING ITS PRODUCTS, AND HEREBY DISCLAIMS ANY AND ALL IMPLIED WARRANTIES, INCLUDING WITHOUT LIMITATION ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

To the maximum extent permitted by applicable law, GAMADECOR expressly excludes from this warranty, and will not pay for, any damages, including without limitation direct or indirect, consequential, special or punitive damages. This warranty extends only to the end user and is not transferable.

This warranty gives the end user specific legal rights, and he or she may also have other rights that vary from state to state. Gama-Decor will not be responsible for any statements or representations made in any form that go beyond, are broader than, or are inconsistent with any authorized literature or written specifications furnished by GAMADECOR. Some states do not allow limitations on how long an implied warranty lasts, or on special, incidental, or consequential damages. As a result, some of these limitations may not apply to the end user.
